How much more of this “boiling of the frog”-loss of democratic rights, freedoms and government actions are you willing to take, before you act? Our “elected” ruling elite are driving us over a cliff into a abyss of corporate authoritarianism. They rely upon your inaction to keep this abomination afloat. **YOU CAN STOP THEM.** Reading, watching, listening and talking do nothing to stop their ACTIONS. You must ACT daily and stop feeding their system with your money and complicity behavior they count on. 1) **BOYCOTT CORPORATE CRAP.** Feeding corporations feeds continual lowering of quality, wages and communities, and raises toxicity. 2) **BUY LOCAL/NON-TOXIC.** Relocalizing your purchases keeps money flowing inside of your community. Share your wealth with neighbors. Don't buy toxic products like oil and pesticides. Buy organic, walk, bike, use public transportation and live local. 3) **VOTE OUT REDS AND BLUES.** Vote Green or any alternative candidate that [supports the elimination of “corporate personhood”](#). 4) **PROTEST DAILY.** Wear peace signs. Thumbs down that Hummer. Tell your local grocer you want pesticide-free/organic. Tell your local Starbucks you won't be shopping corporate.
