

**CORPORATE TAX CHEATS ARE BANKRUPTING AMERICA.**

Thanks to foreign tax havens and other loopholes, many of America's largest corporations pay ZERO taxes. Many others pay effective tax rates of less than 10% (even though the actual corporate tax rate is 35%). US corporations dodge up to \$100 Billion in US taxes each year and 2/3rds of all US corporations pay NO federal income tax.

**IF THESE TAX CHEATS PAID THEIR FAIR SHARE...**

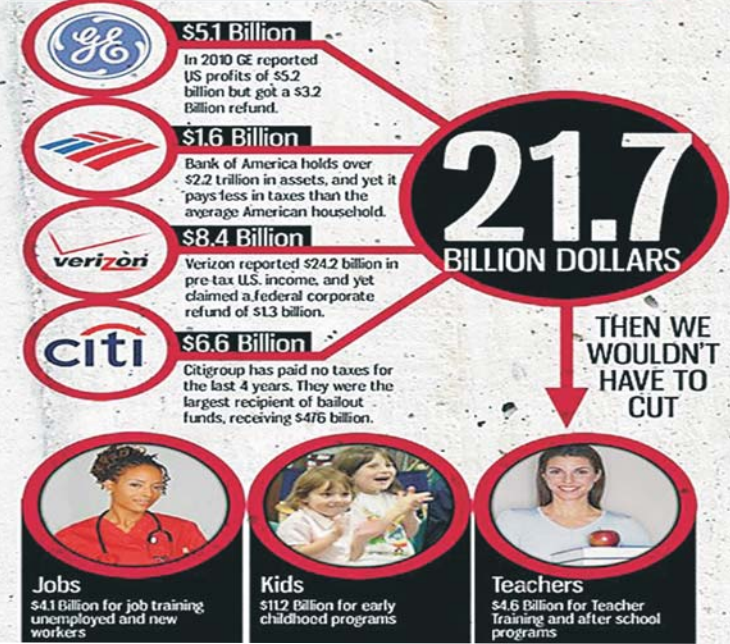

**NO MORE CUTS! ... TIME TO PAY UP!** If we cut war spending, closed tax loopholes, collected taxes from tax cheating corporations, and supertaxed the rich, we wouldn't have to cut ANY public programs.
