Julian Assange Deserves Our Protection not Prosecution.

Dear _____,

I am writing you to ask that all attempts to silence Julian Assange and WikiLeaks be stopped. If it were not for courageous people like WikiLeaks and Daniel Ellsberg we would never have public knowledge of state lies like those discovered in the Pentagon Papers or WikiLeaks Iraq, Afghanistan and world-wide state department memos.

We have a right to know when we are being lied to for the purpose of manipulating public consent for illegal and unethical campaigns for empire and corporate profit, like those executed by the Bush Administration and now apparently the Obama Administration.

Joseph Lieberman's vicious and unwarranted attacks on WikiLeaks is disgraceful and an indicator of the undemocratic authoritarianism running rampant in our country. We demand transparency not secrecy!

Sincerely,
